Found this incredible book and read it at once in just few hours, was so friendly to read. Now I know everything I need to do the process without missing a thing and without paying extra fees for 3rd party incorporators. Highly recommended. 6 of 6 people found the following review helpful. Excellent Resource By Glenn Miller It's easy to get a little lost -- or overwhelmed -- in all the paperwork necessary to establish an S Corp. That's why I hired a lawyer to help me through it. I bought this book after establishing my S Corp, specifically to help take me through the employee payroll tax issues. Had I bought this book at the beginning of the process, I would have saved \$1,000 in lawyer's fees. This book lays it out piece by piece, document by document. It makes what can be a complicated process surprisingly easy. The accompanying CD has scores of PDF documents that

act as prompts and worksheets -- worth their weight in gold. Overall, an excellent resource.0 of 0 people found the following review helpful. Four StarsBy P. SjomanThe condition of the book was very good and the CD was included as described.
