John W. Schlicher : Settlement of Patent Litigation and Disputes: Improving Decisions and Agreements to Settle and License before purchasing it in order to gage whether or not it would be worth my time, and all praised Settlement of Patent Litigation and Disputes: Improving Decisions and Agreements to Settle and License:

0 of 1 people found the following review helpful. Definitely will be a repeat customer!By Lynette McKnightThe book looked brand new and came really fast! I would definitely purchase from allnewbooks again because it met my

expectations!

Over the past three decades, patent litigation has increased in both volume and importance, making this book, designed to help everyone involved improve patent settlement outcomes and processes, an especially valuable resource. It offers a methodical approach for analyzing the economic forces governing settlement decisions. The authors extensive data and analysis offers a systematic method of dealing with the complexity of the decision to settle and handling the information needed to make that decision. Includes 100 charts, many in full color.
