Handy desk referenceBy JB - A GuyI keep this on my desk, handy for when I need to dazzle my fellow members of the bar with an obscure quote from the Bard. Especially my colleague who shamelessly promotes Christopher Marlowe as the true author of Shakespeare's greatest works. I needed this book to protect myself from her portent appearances in my office to debate the topic. Just last week, I let her know that there are many things in heaven and earth that are not dreamt of in her philosophy of Marlowe as Shakespeare. She thinks me a high minded fool on literary topics. That is why I can only give 3 stars.0 of 0 people found the following review helpful. Shakespeare for Lawyers contains more than 100 funny, sharp, witty, sad, and instructional quotes pulled from Shakespeare's plays and sonnets by a lawyer, for lawyers, and includes instructions on how they might be used in a courtroom, mediation, or elsewhere. And of course, the book features an extra section exploring what the Bard had to say about the law and those who practice it.
