**Brian N. Siegel, Lazar Emanuel, Steven Chanenson : Siegels Wills Trusts: Essay and Multiple-Choice Questions and Answers, Fifth Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Siegels Wills Trusts: Essay and Multiple-Choice Questions and Answers, Fifth Edition:

0 of 0 people found the following review helpful. Siegel's Ruined ReputationBy autofila[Essays] This book gives a lot of analysis, which are all over the place. When I read it, I thought that previous years in law school were pure waste of time because I did not get answers to questions written in such a "all over the place" manner. I consulted my academic department and showed this book to figure out what is wrong with it. They expressed the same opinion. Not only "all

over the place," answers contain analysis only w/o rules of law. Although the analysis have keywords, this is not enough for the final. A student could use the book as guidelines only.[Multiple choice] The questions in MC section do not even specify whether you are in a common law jurisdiction or under the UPC.It is a shame to write such a disorganized book it is worse to publish such a book w/o reading it. The fact that the author is a professor, does not mean that she is a good teacher. Knowledgeable professor is not equivalent to a gifted teacher capable of teaching law.Stay away from this book. Two stars for using it as guidelines. Shame on professors publishing books like this one.3 of 3 people found the following review helpful. Recommended for students and instructors of wills and trustsBy Mark HammondWhen I was a college student, I often used old tests as a study aid to prepare for examinations. This also held true when I was a law student. Now that I am teaching paralegal studies, I am the person who has to come up with the questions. I had been used to long essay questions in law school, but those proved to be inappropriate for paralegal students. Paralegal students tend to favor true false and multiple choice questions, which are really difficult to write.There is a certain logic in how examinations are prepared by instructors and professors, and Siegel's Wills and Trusts provides some insight into how they are prepared. I was able to have some guidance in preparing exams through the use of this book. For the student, this book is good in that it covers the basic concepts. I am not saying that your instructor will use this book to prepare his exams, but through the study of this book you should be able to have sufficient an understanding of the topic material and how it is presented in an examination to prepare well for the exams given at the end of a course.0 of 0 people found the following review helpful. Great Study AidBy JackThis is not an aid to teach you the material (Emanuel's) but is a great study aid to practice and sharpen your knowledge for an exam. I found the multiple choice questions a great and quick way to review. The EE does not provide helpful short answer questions like this supplement does. It could use more questions, and be expanded, but is a good way to prepare for your Wills/Trusts/Estates exam.

A proven resource for high performance, the Siegel s series keeps you focused on the only thing that matters the exam. The Siegel s series relies on a powerful QA format, featuring multiple-choice questions at varying levels of difficulty, as well as essay questions to give you practice issue-spotting and analyzing the law. Answers to multiple-choice questions explain why one choice is correct as well as why the other choices are wrong, to ensure complete understanding. An entire chapter is devoted to teaching you how to prepare effectively for essay exams. The chapter provides instruction, advice, and exam-taking tips that help you make the most of your study time. A wonderful resource for practice in answering the types of questions your professor will ask on your exam, the Siegel s Series will prove valuable in the days or weeks leading up to your final.Features:Exposing you to the types of questions your professor will ask on the exam, Siegel s will prove valuable in the days or weeks leading up to your final.A great number of questions at the appropriate level of difficulty 20 to 30 essay QAs and 90 to 100 multiple-choice QAs provide opportunity for you to practice spotting issues as you apply your knowledge of the law. Essay questions give you solid practice writing concise essay answers, and the model answers allow you to check your work. An entire chapter is devoted to preparing for essay exams.In checking your answers to multiple-choice questions, you can figure out where you may have erred: Answers explain why one choice is correct and the other choices are wrong. To help you learn to make the most of your study time, the introductory chapter gives instruction, advice, and tips for preparing for and taking essay exams .The table of contents helps you prepare for exams by clearly outlining the topics tested in each Essay question. In addition, you can locate questions covering topics you re having difficulty with by checking the index. Revised by law school professors, the Siegel s Series is updated on a regular basis.
