Jacqueline Pascarl : Since I Was a Princess: The Fourteen-year Fight to Find My Children before purchasing it in order to gage whether or not it would be worth my time, and all praised Since I Was a Princess: The Fourteen-year Fight to Find My Children:

0 of 7 people found the following review helpful. "Princess" MentalityBy Kathryn W AbbottThis female lived in a third world country as a 'princess' and it could not have been easy. She lost her two children for a few years, but have recovered them, had two more, shed two husbands and is on her third marriage.... And worst of all, she is so narcissistic its revolting. Oh, did I mention she is a job hopper and social climber.... She needs to buy one rocking chair and quit looking for fame and celebrity. There are other more worthy candidates to replace her.

In "Once I Was a Princess", Jacqueline Pascal related the gripping story of her abusive childhood and her subsequent teen marriage to a prince. What should have been a fairy tale with a happy ending deteriorated into a nightmare of deceit and betrayal - ending in the kidnapping of her two small children by her former husband, who spirited them back to Malaysia. In "Since I Was a Princess", Pascal peels back the layers of her life after the abduction. She tells how she channelled her grief, forging an existence as an aid worker and humanitarian ambassador in war-torn countries and working with refugees and the dispossessed. She describes how she persuaded some of the world's most influential figures to support her aid work and became a human rights activist on the international stage, championing the cause of other parents whose children had been kidnapped and reuniting scores of families. Pascal also explains how she lived frenetically as she painfully rebuilt her life and re-evaluated her relationships, grappling with the emotional complexities of a new pregnancy and beginning a second family. And she reveals for the first time the dramatic details of how, at last, she was able to be reunited with her long-lost children and make her family whole. Candid and compelling, "Since I Was a Princess" is an unforgettable ride through tragedy, loss and, finally, triumph.

"A genuinely moving, extraordinary story that is consequently a cut above most other misery memoirs" The Bookseller
About the Author
After many years of working and commuting between war zones, Jacqueline Pascal has now settled in her home town of Melbourne, Australia, with her husband.
