profoundly moved by his passion to be a better person and stand for those who typically are fed to the wolves. Excellent read - I enjoyed his personal touch and would highly recommend this to anyone who wants to be a more Christ-ful person. 1 of 2 people found the following review helpful. Fantastic book By T. Hartley*Note: I am NOT Taylor Hartley, the author of this book. abbreviated my first name, Thomas. Again, I am NOT the author. Great insights! This book has helped me to develop a more Christ like attitude towards others. It also shares great examples of why reason alone is a poor substitute to know the truth -- whether in a legal or religious context. The author also does a good job of relating real life experiences on the job as a defense attorney with the gospel of Jesus Christ. The book really is thought provoking and truly is enlightening.

Many Latter-day Saints shun guilty criminals as if their sins are infectious. But are we not all guilty before God? Attorney Taylor Hartley uses scriptures, testimony, and real-life examples to explain how all followers of Christ have a moral obligation to be an advocate for others. Expect to be enlightened as you journey through this book's insightful perspectives and find in-depth answers to some perplexing issues.
