**Dana Berenzon : Snakes Ladders on the Way Home** before purchasing it in order to gage whether or not it would be worth my time, and all praised Snakes Ladders on the Way Home:

0 of 0 people found the following review helpful. wowBy Amssthe content of the book is very powerful. it was a very interesting and heavy read that left a lot to think about. i just want to clarify first that my criticism has to do with the editors and NOT the author and therefore this review is not about the CONTENT of the book.the format, the chapters and the way the whole thing is set up seems like it was put together more as if it were being told in conversation as

opposed to an organized non-fiction. it was put together a bit messy. the other thing that i had a problem with, being fluent in hebrew and english, is the translation, grammar and typing errors! whether or not the book was originally published in hebrew doesn't matter but the translation is atrocious. the grammar has several mistakes and after a few pages i stopped counting the typing errors. it was almost laughable.hopefully by the next printing/2nd edition of this book all these mistakes will have been corrected.0 of 0 people found the following review helpful. An Important BookBy Or Greenfeld"Snakes Ladders on the way Home" by Dana Berenzon is a very important and interesting book.I enjoyed to read it, and could not stop until the last page.Thank you Dana!Haim Greenfeld

Snakes Ladders On the Way Home by Dana Berenzon A remarkable story of despair and survival, Snakes Ladders On the Way Home details the author's experiences after a devastating rape. Through a moving journal of letters and reflections spanning twenty years, the author bravely exposes a compelling journey of healing, and a powerful, new approach to personal coaching.

About the AuthorThis candid and honest book traces Dana's journey since that fateful day when her life was shattered: in the educational system that knew what happened and chose to betray her; her choice to meet one of the rapists many years later and her discovery of his amazing secret; her connection to the petting zoo that became her only home; and her experience of personal coaching that enabled her to piece back together the shattered puzzle of her soul.
