David Bainbridge : Software Copyright Law before purchasing it in order to gauge whether or not it would be worth my time, and all praised Software Copyright Law:

"Software Copyright Law" includes all the significant developments in the law relating to copyright protection of computer software. It deals in particular with computer programs, databases and other works stored on computer and covers issues on the growing software piracy market. The new edition takes account of major developments including the Database Directive, a Government White Paper on the importance of rights in information, European developments in copyright law.
