Caleb Nelson : Statutory Interpretation (University Casebook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Statutory Interpretation (University Casebook Series):

0 of 0 people found the following review helpful. Five StarsBy MCame quickly and exactly as described.

Nelsons Statutory Interpretation aspires both to train students in the techniques of statutory interpretation and to help students think systematically about those techniques. It presents lightly edited judicial opinions in leading cases, followed by extensive notes and questions that encourage careful analysis of difficult concepts. It takes seriously both textualist and intentionalist (or purposivist) modes of statutory interpretation ; approaches that are common at all levels

of the judiciary.
