Kathy Rockel : Stedman's Guide to the HIPAA Privacy Rule before purchasing it in order to gage whether or not it would be worth my time, and all praised Stedman's Guide to the HIPAA Privacy Rule:

1 of 1 people found the following review helpful. Loved this reference book!By JosephI used this book for a research paper on HIPAA Privacy rules and how it pertains to the field of Medical Transcription. After reading the entire book (which was formatted in an easy-to-read style), I fully understood this complex line of study. This book made it simple to understand yet provided me with much details regarding this extremely complicated subject. And, believe it or not, I was actually interested in the subject matter BECAUSE of this book! It is definitely a must-read for anyone who wants

clarification about the HIPAA Privacy Rule. This book will remain on my library shelf for eternity! :-)

Stedman's Guide to the HIPAA Privacy Rule finally makes clear for medical transcription students and professionals the confusing legal issues surrounding the HIPAA Privacy Rule, and how it relates to and affects their practice. This text provides comprehensive information about the rule itself, how it affects service owners and independent contractors, implementation guidelines, sample template contract language, and sample policies. Mnemonics and other quick aids help readers remember important information. Case-based vignettes and real-world applications emphasize the practical application of the law on medical transcriptions. End-of-chapter critical thinking questions with answers in an appendix encourage readers to ponder and apply information.
