Theresa A. Lyons Esq. : Sticks and Stones, Life Lessons From a Lawyer before purchasing it in order to gage whether or not it would be worth my time, and all praised Sticks and Stones, Life Lessons From a Lawyer:

0 of 0 people found the following review helpful. It will make for the start of some good discussions about life - PS Don't name your child "Jesse James"By Eric MarcyThe book is a fun and enjoyable read. It is not a book written for

lawyers, it is written for normal people although I think lawyers will find it funny and entertaining I did. I must admit, at first, I judged the book by its cover. First, I thought what life lessons can an attorney teach me? After all, I have been practicing law for 33 years and suffer from what many attorneys suffer from the belief they have seen or know it all. Then I looked at its format, short vignettes with lessons or questions at the end. Not my usual reading material, which normally consists of historical novels or biographies of politicians and historical figures. I was surprised by the content. It was curiously interesting and, to use a cliché, it was thought provoking. I think it would be good for a book club it offers a lot of interesting material for discussion, but again, it probably is not a book clubs usual fare. I also think it would be good for bright and mature teenagers (emphasis on mature). Like teenagers, the book raises more questions than it answers. It will make for the start of some good discussions about life. 0 of 0 people found the following review helpful. Chicken Soup for the Lawyers Soul By TLC Pet Products Well written and an easy read. For someone (like me) who reads 2-3 books at the same time, this is an easy and interesting read to add to the mix. If Aesop's Fables and Chicken Soup for the Soul has a modern day baby, this would be it. Human nature is an interesting thing. At it's finest, it can foster world peace. At it's worst, it could destroy an empire. This book shows life lessons - some learned the hard way - and how they can either be learned and retained, or ignored and forgotten. You don't want to be in that latter group. It easy to make fun of lawyers, but after reading about the emotional and sometimes heartbreaking cases that they have to handle with poise, dignity and objectiveness on a daily basis, you will find a new found respect for the family lawyer. 0 of 0 people found the following review helpful. Gimme that Good Stuff By Michael C Younker This was not only one of the best darn tootin' books written about the law that I've read, it is also one of the most interesting anecdotal accounts of one amazing individual's life, as well as her steadfast pursuit of knowledge throughout her career. A book for the masses - from salt of the earth folk to erudite professionals. A surefire hit for anyone looking for a good yarn or story for a cocktail party. Perfect as a coffee table book or during those fleeting moments of free time. Can't say enough good things about the book or the author. Everyone I know loves it. Don't walk, scurry in a hurry and get your copy today. You won't be sorry.

LAWYERS ARE PEOPLE TOO! Brief, easy to read stories remind us that things are not always what we think. Crisply written, some tongue in cheek, the stories make you laugh, cry, think, and feel. You will never look at the law, or life for that matter, the same way again. You'll be left with a sense that among the joys and triumphs and trials and sorrows, there is much we can learn from the law, and there is much the law can learn from us.

About the Author Terry Lyons is part lawyer, part human. In addition to having a Masters Degree in Social Work, Terry also serves as the managing partner of Lyons Associates, a New Jersey law firm specializing in all aspects of matrimonial and family law. Terry and her spouse, Linda, have been together for over 26 years, and their children remind them every day about the true meaning of life. Website: www.lyonspc.com.
