Steven Emanuel, Kimm Alayne Walton : Strategies Tactics for the MBE (Multistate Bar Exam) before purchasing it in order to gage whether or not it would be worth my time, and all praised Strategies Tactics for the MBE (Multistate Bar Exam):

LivingstoneI received this book two days ago and have probably spent about 6-7 hours total with it so far.It is good. It is helpful, and I would recommend it.But, I had to stop, mid-study, to write this review because there are numerous typographical

errors. There are some that are normal, that you could easily glance over and it would make no big deal, but there are others that affect the outcome of an answer. Huge confidence blow, and not something you would expect from an \$80 book designed to help you choose correct answers, no matter how long and dense it is. 4 of 4 people found the following review helpful. I used it, passed the bar, so I ...By White1ceI used it, passed the bar, so I can't complain. A fair amount of repeat questions from practice questions that my school gave us for free. 1 of 1 people found the following review helpful. This is a great study toolBy AJThis is a great study tool. It came in good condition and the updates are helpful to bar examiners, the questions are good to help you train with the exam in the back and the prep info before each section. This is a tool for bar passage, I recommend doing these in preparation for those subjects while you are studying them in law school!This product came to me brand spanking new and in wonderful condition. I highly recommend using it.

Strategies and Tactics for the MBE is packed with the most valuable advice you can find on how to analyze MBE questions. You get details on how to handle each MBE subject, specific step-by-step strategies for analyzing different question types...how subtle differences in wording can completely change the meaning of an answer...how to "reword" questions in your mind to make them easier to analyze. p class="copymedium" With Strategies and Tactics you also get a full-length, 200 question practice MBE, as well as over 350 additional questions broken down by subject. Before each subject, you get detailed advice on how to handle MBE questions on that subject, and how to focus your studies on the most popular - and trickiest - MBE topics. For every question, you get a fully-explained answer that analyzes, in detail, every answer option. After all, it's just as important to know why you chose a wrong answer - and how to avoid doing it again! - as it is to know why the correct response was the best choice. With Strategies Tactics for the MBE, you'll enter the MBE with the skills to succeed...and the confidence to excel. /p p class="copymedium" Key Points About this Book: /p ul li class="copymedium" Covers all the new MBE specifications tested on the MBE as of July 2003 /li li class="copymedium" Every one of the over 550 questions in this book represents an actual question asked on a past MBE /li li class="copymedium" This edition was personally prepared by Steve Emanuel to reflect the most recently - released MBE questions and the most up-to-date substantive legal rules /li li class="copymedium" Strategies and Tactics is written under the assumption that you haven't seen any of the substantive law on the MBE since your first year in law school. For instance, if an answer addresses the M'Naghten Rule or quantum Meruit or vested remainders, the answer will refresh your memory for what those concepts mean before it analyzes how they relate to the question /li li class="copymedium" The answers in Strategies and Tactics don't quote long, convoluted passages of codes and treatises. Instead, you get explanations in simple, easy-to-understand language. /li li class="copymedium" A lot of Multistate guides claim to give you in-depth analysis of answers. Open this book to an answer section, and compare it to any other Multistate book...and you'll see that Strategies and Tactics is the only book that gives you the detailed insight you need /li /ul p /p
