**Gerry W. Beyer : Sum Substance Audio on Wills Trusts 2004** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sum Substance Audio on Wills Trusts 2004:

2 of 2 people found the following review helpful. Well DoneBy Edward J. BartonThis audio set is well done and high quality. Proefssor Beyer does a nice job of explaining the key concepts, is able to hold attention, and distills case law into practical examples as well as offering up some practical advice for the practitioner. Worth listening to as a refresher or complement to your studies.1 of 1 people found the following review helpful. GoodBy amoloverI love all the sum and substance. I was happy with this. The man is funny and easy to listen to. The lessons are a good thorough review. I would recommend.5 of 7 people found the following review helpful. As expectedBy N.This series holds up to the Sub and Substance name. Packed information, with a clear understandable format. Very helpful to anyone taking Wills and Trusts.

This audio CD overviews wills: intestate succession; execution; revocation; interpretation and construction; survival; contests; and drafting. Explores estate administration and probate avoidance, as well as disability planning, death planning, and estate planning (putting it all together). Overviews estate and gift taxes, and offers examination advice. The tape also covers trusts: uses; intent; separation of legal and equitable title; trusts versus other legal relationships; express trust creation; consideration; statute of frauds; rule against perpetuities; purpose; settlor; property; trustee; beneficiary; life insurance, spendthrift, discretionary, support, and charitable trusts; pour-over wills; as well as trust administration: standard of care, investments, trustee powers, trust distributions, and delegation of duties.
