**From ABC-CLIO : Surveillance in America [2 volumes]: An Encyclopedia of History, Politics, and the Law** before purchasing it in order to gage whether or not it would be worth my time, and all praised Surveillance in America [2 volumes]: An Encyclopedia of History, Politics, and the Law:

An excellent resource for high school and college students, this book surveys the size, scope, and nature of

government surveillance in 21st-century America, with a particular focus on technology-enabled surveillance and its impact on privacy and other civil liberties. Provides up-to-date perspectives on the current-day challenges regarding surveillance in America and recent events such as government response to Edward Snowden that tie these modern topics to the historic roots of surveillance issues in the United States Presents information that is accessible and useful both to those with little understanding of technology and those who are tech-savvy Impartially explains the full range of perspectives on relationship/tradeoffs between national security and crime-fighting benefits of surveillance and the erosion of personal liberties and privacy Includes primary source documents such as essential laws, court rulings, Justice Department statements, presidential statements, and Congressional testimony from national security experts and civil liberties advocates

"This is a solid first stop for general research on surveillance." - Library Journal "This two-volume set represents essential reading for public libraries. Acquisition decision makers in high schools, community colleges, and universities should consider adopting this important work. In addition, this excellent resource would benefit lawyers, law enforcement officers, and government agencies on the local, state, and federal level." - ARBA About the Author Pam Dixon is a researcher on the topics of medical privacy, data brokers, and other contemporary privacy topics. She is the founder and executive director of the World Privacy Forum, a nonprofit public interest research group.
