Margaret Jasper : Teenagers and Substance Abuse (Legal Almanac Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Teenagers and Substance Abuse (Legal Almanac Series):

Teenagers Substance Abuse discusses the scope of the substance abuse problem among teenagers and the types of drugs most commonly used by this age group. Collaborative efforts and strategies devised by schools, and private and

public entities to stop illegal drug and alcohol use and the government's crackdown on the use of the internet to facilitate the production, use, and sale of "club drugs" is also discussed. The Legal Almanac series serves to educate the general public on a variety of legal issues pertinent to everyday life and to keep readers informed of their rights and remedies under the law. Each volume in the series presents an explanation of a specific legal issue in simple, clearly written text, making the Almanac a concise and perfect desktop reference tool. All volumes provide state-by-state coverage. Selected state statutes are included, as are important case law and legislation, charts and tables for comparison.

From the Publisher This is one of the over 60 titles in the Almanacs Series that cover the gamut of topics, from Teenagers and Substance Abuse, to Identity Theft, to Internet Privacy, to International Adoption, to Marriage Divorce, using the law to reveal the answers to the most basic questions we all have: How do laws in our society protect us and those around us? What protections and punishments are there? Where can I go to find out more? Each volume is clearly written and easy-to-understand. About the Author Margaret C.
