Scott Childs, Sibyl Marshall, Carol McCrehan Parker : Tennessee Legal Research (Carolina Academic Press Legal Research) before purchasing it in order to gage whether or not it would be worth my time, and all praised Tennessee Legal Research (Carolina Academic Press Legal Research):

The Second Edition of Tennessee Legal Research identifies relevant, new legal information sources as well as significant changes to existing legal information sources that have developed over the last nine years since the first edition. Additionally, this new edition incorporates the updated information into the discussion of a comprehensive legal research process, resulting in the most current explanation of researching Tennessee law. While useful as a text for new law students learning legal research, the book would also be a useful guide and reference for anyone researching law in Tennessee.
