From Business Valuation Resources : The AHLA/BVR Guide to Healthcare Valuation, 2010 before purchasing it in order to gauge whether or not it would be worth my time, and all praised The AHLA/BVR Guide to Healthcare Valuation, 2010:

This new edition of the best selling resource, has been updated to include the latest industry specific information and

insight along with eight all new chapters, written by top healthcare appraisal experts (including A. Simons, C. Carden, T. Sorensen, D. Barbo and R. Mundy). Valuation professionals will gain a great competitive advantage by familiarizing themselves with the principles and legislation details presented in this comprehensive guide before working on their next healthcare valuation. Highlighted topics include hospital valuation, healthcare reform and healthcare and the economy, valuing home health agencies, dialysis clinics, ambulatory surgical centers plus lost profits in physician's practices. Co-published with the American Health Lawyers Association (AHLA). (Replaces ISBN 9781935081098)
