A MUST READ!By ShahzeelSadly, many people are not aware of the problems which arise from probate. Often times, the belief is that a Will shall suffice in ensuring that an inheritance is given directly to heirs. Sadly, this is not the case. Luckily, Jeff presents the argument in-depth and in plain-English. A simple Will usually results in a 1-2 year delay resulting from probate. Jeff explains how one can avoid this delay by creating a Trust; which not only ensures precise distribution-it also ensures that there is no extended delay; chiefly, because the heirs will not have to witness their inheritance go through probate. Great book! Highly recommended!
