McPhersonvery helpful0 of 0 people found the following review helpful. Four StarsBy CustomerIt is a most useful hand book for anyone dealing with an artistic estate.

Andy Warhol memorably said that death can really make you look like a star, but death in itself is not a guarantee of the relevance of an artist. What is of crucial importance is the proper management structure for the posthumous preservation and development of an artists estate. The Artist Estate, a handbook written by Loretta Wrtenberger, presents the possible legal frameworks and appropriate financing models available in this situation, as well as the proper handling of interest from the market, museums and academia. Wrtenbergers business, Fine Art Partners, has advised artists and artists estates for many years. Based on numerous international examples, the author explains the different alternatives for maintaining an artists estate and makes recommendations on how best to handle work, archives and ephemera following the death of an artist.
