Judge James W. Stewart : The Child Custody Book: How to Protect Your Children and Win Your Case (Rebuilding Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Child Custody Book: How to Protect Your Children and Win Your Case (Rebuilding Books):

0 of 0 people found the following review helpful. Well It gave me the impression that It would helpBy Too BusyAlthough the information was very unbiased It did not really give the help that it promised when I bought it. It promised to help me win my case to protect my children but what the book really says is if you are a woman and you have custody the man may have a hard time here are some tools to try. I am a women with a a man who has custody and he is law enforcement and he is mentally abusing my children. this book really does not address that issue for me.0 of 0 people found the following review helpful. A Great must read bookBy ElisaA Great must read book, I have bought a few others but this one is by far the best.0 of 0 people found the following review helpful. This was of great help in our case.By Joyce M JaborekMy son and I read this and we finally obtained custody of my granddaughter. I would recommend this to anyone in a custody dispute.

It is almost always in your childrens best interest to settle a casewith or without mediationrather than to litigate in court, said Judge Stewart. His book fully, clearly, and concisely explains the process of court child custody litigation. It shows how custody decisions are made, what can be expected at each stage of the process, and how parents can insure that their abilities are clearly presented to persons with influence over the custody decision. It is intended to eliminate surprises that could lead to costly mistakes along the way. Parents who settle custody disputes out of court will not only save tens of thousands of dollars, but will have avoided the rancor and hostility of a custody trial that makes future cooperation in raising the children almost impossible. With help from a capable and experienced attorney, this book will allow the reader to present her/his case for custody in its best possible light. A must-read for divorcing parents, custody evaluators, family psychologists, and marriage and family therapists.

If you're involved in a custody case, you and your lawyer need this book. Living Solo magazine
