Oliver Wendell Holmes : The Common Law by Oliver Wendell Holmes (ABA Classics) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Common Law by Oliver Wendell Holmes (ABA Classics):

0 of 0 people found the following review helpful. the common lawBy Readthis is an excellent piece on informative

Law. I highly recommend this book for anyone interested in knowing more about the origin of the law in which we live under. be careful of the pricing I received mine under for \$27 which is a hardcover reprint of the 1800 original Publication. here is a bit of Oliver Wendell homes position on your right to be free. " your right to be free ends when the tip of your finger, touches the tip of my nose". you cannot lose with this publication.

This volume of the ABA Classics Series is The Common Law. In the history of the law there have been many great treatises written by many great legal minds, but only a few have had the influence and staying power to truly be called the classics. The Common Law by famed Supreme Court Justice Oliver Wendell Holmes, Jr. is certainly one of these books.
