**Robert H. Runde, J. Barry Zischang : The Commonsense Guide to Estate Planning** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Commonsense Guide to Estate Planning:

Today, estate planning is not just for the very wealthy. Tax and legal issues affect all financial transfers no matter what the dollar amount. Chock-full of accessible, candid information, this book gives individuals, financial planners, attorneys, insurance agents, and bankers a source to define terms, identify various options, and understand the whole process.
