The Complete Idiot's Guide to Surviving DivorceBy LisaI used this book as my "divorce bible" when I went through my divorce July-Dec 1997. Excellent resource for those of us who have never been through divorce or do not know of anyone who has. You are not an 'idiot' for buying the book-- actually, you are the 'smart one' for wanting to be more informed in plain English terms and not "legaleeze". I'd recommend it to anyone needing help through their divorce, and afterwards.
