Actually, it's a pretty good guide - assuming that you've never been to law school or watched "Law and Order". At about \$40 plus postage and only 141 pages, it's more expensive, thinner, and less useful in a courtroom than the Swiss Army knife on its cover. And you can't even use it to open a beer when your client gets the chair. I returned it, but I only got half its price back because it was damaged when I threw it

across the room in disgust. 2 of 4 people found the following review helpful. Excellent Resource

I disagree with the previous reviewer's comments. No, this book will not teach you how to be a lawyer, nor will it circumvent your need to go to law school. Ms. St Clair's sole purpose is to provide with guidance as you begin your first endeavors into criminal law, a guidance most lawyers only wish they had their first day in court. Unfortunately, law school does little to teach you about the true ins and outs of a criminal proceeding. I applaud this book and the others in this survival guide series.

Praise for Smart Marketing for the Small Firm Lawyer: "Vercammen's new marketing book belongs in the tool box and library of every lawyer regardless of firm size. Ken not only tells the lawyer WHAT to do, he shows the lawyer HOW to do it." Jay Foonberg Author of How to Start and Build a Law Practice, 5th Ed

This guide provides the lawyer with valuable how to advise for taking the initial client meeting to picking a jury and trying the case. It is not intended to be a summary of the law, but rather a cheat sheet. It is a guide that most senior criminal defense attorneys likely wish they had when they tried their first few cases.
