Whether you have previously been through a divorce or not, this book provides valuable insight and an abundance of important information. Through the benefit of his many years of experience as a Certified Financial Planner, and Certified Private Wealth Advisor, Stan Corey prepares us for what we should do and know well before contemplating a divorce. This book is gripping, yet refreshing, as it focuses on managing the divorce process with the goal of retaining financial wellness for a lifetime. As the author of 11 published books, and as a person who has been through divorce, I can tell you that this book is superbly thought out, well written and of incredible value. I highly recommend this book to any man or woman who has ever had the thought of divorce enter their mind.Cindy ChambersNational Award Winning Author of The Beamer Book Series and Tell Me Town Books0 of 0 people found the following review helpful. The Divorce Dance is AWESOME.By R Ellsworth WilliamsThis is awesome. Stan has captured the essence of family mediation touching on a wide variety of issues including, property, investments, custody, support along with the emotional ups and downs of the parties

involved. It is an easy read and will prove beneficial to anyone going through a divorce as well as for mediators or other divorce practitioners. Well done Stan. 0 of 0 people found the following review helpful. Perhaps some useful information for some. By sunshinestateA contrived story about a couple splitting up only to promote the concept of a divorce team of a divorce financial advisor, an attorney and a mediator in divorce. Perhaps some useful information for some, but it felt too much like an infomercial to me.
