Barry K Baines : The Ethical Will Resource Kit before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ethical Will Resource Kit:

0 of 0 people found the following review helpful. Five StarsBy HHF1980Very good resource...1 of 1 people found the following review helpful. Everyone ought to give this a try -By DudleyWhat is it that matters most to you - hopefully not your wealth - but rather your principles - wouldn't you like to pass these down to your children and grandchildren - what I great way to do so - unlike a "will", your ethical will lives on - so you live on, even when you are but a distant memory to your loved one's love ones! This is a great way to get started putting together your own Ethical Will.0 of 0 people found the following review helpful. Impact future generations of your familyBy E. LandrethFor several years I have helped folks get started writing their life story. Now that I have discovered the idea of the Ethical Will, I think it

is the perfect addition to a life story. This resource is short and to the point and gives the direction needed to write out what you really value in life and hope to pass on to your descendants. We often think about our children and grandchildren but we need to realize that descendants born long after we are gone will also read this. This is our connection to them, gives them roots and belonging to the family. You can impact the lives of future generations by taking the time to read this book and follow its simple guidelines.

Ethical Wills are a way to share your values, beliefs, hopes, life's lessons, stories, love, and forgiveness with your family and community. The Ethical Will Resource Kit contains historical information about ethical wills, a series of easy-to-follow exercises that lead you step-by-step through the process of creating your own ethical will. The kit contains a number of examples of modern ethical wills and a list of additional references.

About the Author Barry K. Baines, MD is an alumnus of Brooklyn College with a degree in Psychology, and a graduate of Georgetown University School of Medicine. He is a family physician and Medical Director of HealthPartners Hospice of the Lakes in Minneapolis, MN. Barry also serves as chair of the Twin Cities Jewish Healing Program. He has cultivated an interest in ethical wills since 1990, and developed the kit as a way to help people of all ages and faith communities to easily create their own ethical will.
