Matthew J. Gibney : The Ethics and Politics of Asylum: Liberal Democracy and the Response to Refugees before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ethics and Politics of Asylum: Liberal Democracy and the Response to Refugees:

Asylum has become a highly charged political issue across developed countries over the last two decades. This book draws upon political and ethical theory and an examination of the experiences of the U.S., Germany, the U.K. and Australia to consider how to respond to the challenges of asylum. In addition to explaining why it has emerged as such a key political issue, the study provides a compelling account of how states could implement morally defensible responses to refugees.

"The book is notable for its ability to integrate political theory, empirical examples, and practical policy considerations regarding asylum. Highly recommended." J.M. Ackleson, New Mexico State University, CHOICE "This is the only book length study available of the ethics of asylum. Gibney's book weaves together theory and practice, combining a detailed empirical account of asylum policies in four countries with a sophisticated normative analysis. It is intelligent, perceptive, and lucidly written. Anyone interested in questions about refugees should read this book." Joseph Carens, University of Toronto
About the Author Matthew J. Gibney is Elizabeth Colson Lecturer in Forced Migration at the Refugee Studies Centre, Queen Elizabeth House, University of Oxford, and Official Fellow of Linacre College, Oxford. He has published many articles on asylum and immigration and is the editor of *Globalizing Rights: The Oxford Amnesty Lectures* (2003). He is the editor (with Randall Hansen) of a three-volume encyclopedia *Immigration and Asylum: From 1900 to the Present* (2005).
