Anthony Arnall : The European Court of Justice (Oxford European Community Law Library) before purchasing it in order to gage whether or not it would be worth my time, and all praised The European Court of Justice (Oxford European Community Law Library):

The European Court of Justice has played a major role in the development of what is now the European Union, but the way the Court has used its powers have been highly controversial. The new edition of this book examines the contribution of the Court in shaping the legal framework within which the EU operates. It considers the Court's place among the Union's institutions; its organization and working methods; what its powers are; how it has used those powers to resolve important questions of both constitutional and substantive law; and certain general questions relating to its overall approach. Throughout, the implications of the Union's Constitutional Treaty, signed by the Member States in Rome in October 2004 are taken fully into account.

from previous edition "The value of Arnall's work lies in its clear approach to the important questions of substantive and constitutional Community law through an examination of the Court's case law in a single volume. ... Arnall touches upon all the current problems relating to the Court's role in the development of Community law and now even European Union law. In this respect, the book will prove to be of interest to practitioners and scholars in the field of European law."--Columbia Journal of European Law from previous edition "Easy to understand; suitable for undergraduate students, up-to-date and well-developed"--Dr K Bromek-Broc, University of Hull from previous edition "A solid work in the genre and should be available to any researcher in EU legal and political affairs...rich in references to cases and to secondary material."--CHOICE

About the Author Anthony Arnall is Professor of European Law and Director of the Institute of European Law at the University of Birmingham. In 1994 he was awarded a Jean Monnet Chair by the European Commission. Professor Arnall is joint Editor of the European Law and sits on the Editorial Advisory Board of the Cambridge Yearbook of European Legal Studies, the International Advisory Board of the Irish Journal of European Law and the Advisory Board of the Common Market Law Reports. He is a member of the Advisory Board of the British Institute of International and Comparative Law and of that Board's Community Law Section.
