Bruno Marx : The Event Safety Book: All you need to know to keep your event safe before purchasing it in order to gage whether or not it would be worth my time, and all praised The Event Safety Book: All you need to know to keep your event safe:

0 of 0 people found the following review helpful. Now my daily tool kit for health and safety!By KateSince I'm a

beginner in the event industry, it's my go-to help with any questions that comes up. I never want to get any of my clients or myself in unnecessary danger, so I was really curious about the book when I heard about it. It's definitely not just a "good read" - it's a "daily tool kit" for me. 0 of 0 people found the following review helpful. Most have for the Event Industry By Kunde The Event Safety Book is perfect for the whole industry from beginner to more experienced project manager, production manager, site manager and so on. It can refresh your knowledge and can give you some new updated information. 0 of 0 people found the following review helpful. it opened my eyes to many different aspects of HS that i can apply in my day to day job in AV as well good By Raja coming from an AV world, it opened my eyes to many different aspects of HS that i can apply in my day to day job in AV as well good read

This book is written for Event Planners as well as Project, Site and Operations Managers that are concerned about the Health and Safety of everyone at their events. Are you asking yourself Is my event safe? Am I doing everything I can to keep everyone on site safe and keep myself from being thrown in jail? Bruno's been answering these questions for more than 30 years now. He's well known for coming up with solutions to keeping events safe and giving others piece of mind...and he's never, ever been thrown in jail. You'll get: tools for monitoring and maintaining crowd behavior, exact formulas for calculating capacities, amount of fire extinguishers and how many first aiders you'll need, evaluation tools for venue safety, documents and signage, methods for writing and evaluating event risk assessments, emergency procedures for incidents such as bomb threats, active shooters and structural collapse and much much more. Every topic has been presented and optimized during Bruno's trainings. Here's what your colleagues say about them: "We thoroughly enjoyed the one day intensive Event Safety Training Bruno gave us. Our already well trained and experienced project and operations managers gained many new insights into reducing hazards, as well as handling crowd safety and event safety documentation - Haider Shukry, Senior Operations Manager - Flash Entertainment "Finally, a trainer that actually has experience" - Richard Scott, Eclipse "My Project Managers gave glowing reports about the training. Well done - much more to come I'm sure!" - Adrian Bell, Action Impact

About the Author Bruno Marx is a board certified Event Health and Safety practitioner. Since 1980 he has influenced the event industry in different parts of the world for more than 30 years. His knowhow was instrumental in staging events as huge as the Eurovision Song Contest. He is engaged in vital industry organizations such as ESTAs Event Safety Working Group, DIN and is Vice President of Health and Safety in ILEAs Middle East Chapter. Bruno specializes in creating safety concepts for event venues and for special events, working on-site to monitor health and safety and delivering highly customized event safety trainings. His last station before going freelance was as technical director for the largest event venue operator in Germany, Dsseldorf Congress. Bruno inspires others. Bruno's been giving Event Health and Safety Seminars focused on the Middle East Region for more than 3 years now. He's been helping to take the Middle East Event Industry to the next level by spearheading the creation of the first and only Health and Safety guidelines in the Middle East and he's been part of the biggest events in this region. Bruno inspires others. Bruno's been giving event industry specific Health and Safety Seminars focused on the Middle East Region for more than 3 years now. He's been helping to take the Middle East Event Industry to the next level by spearheading the creation of the first HS guidelines in the Middle East, the ILEA Health and Safety Guidelines and he's been part of some of the biggest events in the Middle East region.
