It was immensely informative, spoke in clear language, and covered all the facts that I needed to know. I recently bought this latest edition for a friend whose wife had died prematurely with Alzheimer's disease. Her estate was complicatd also and he has found this book

to be invaluable. I highly recommend it.1 of 1 people found the following review helpful. Understand the specific steps through probate.By BackFatBarbieThis is a good, clear guide that will walk you through the basic steps of settling an estate. Good for the executor and for anyone who wants to know what the executor is doing. Even though we hired an attorney to help us, this book was essential to understanding the process.0 of 0 people found the following review helpful. Five StarsBy Kaz C.Very difficult reading, but the knowledge is tantamount to managing an estate form a death in the family!

Praise for the previous edition: Highly recommended...-- Library Journal Timely and up-to-date
