Certitrek Publishing : The Financial Issues of Divorce before purchasing it in order to gage whether or not it would be worth my time, and all praised The Financial Issues of Divorce:

The Financial Issues of Divorce (Module 2) covers the treatment of property in divorce, including marital vs separate property; hidden, career and liquid assets; pension and retirement accounts; the marital home and other real estate. In addition, it covers spousal and child support; social security and insurance planning tips and traps; and bankruptcy, debt and credit issues. This book is part of a self -study course to become a Certified Divorce Financial Analyst. Exam voucher not included with this book. For more information on becoming a CDFA professional or information on

taking the course, call 800-875-1760. www.institutedfa.com
