There are some links to sources but overall no information that you can't get from reading the FL R.Civ.P.1 of 1 people found the following review helpful. greatBy DianeI bought this in 'Like New' condition and that's exactly what I got. No highlighter marks and no wear and tear anywhere on the book (that I could see). This was the book required by class last semester but, we never even opened it. I'm told this is a great reference book so i'm going to hang onto it.0 of 0 people found the following review helpful. Very usefulBy Visi32Very useful. Thank You so much

The Florida Paralegal is a career book for both paralegal students and practicing paralegals. It serves as a reference containing a great deal of information that will be essential for paralegal students and employed paralegals in the state. The information in the book, including its comprehensive legal dictionary, should make the book one that every paralegal would want to have close at hand in school and on the job. It is Internet-rich with resources that will help paralegals in many aspects of their day-to-day classes and jobs.
