The Impact of Recent Cyberstalking and Cyberharassment Cases provides an authoritative, insider's perspective on the way that harassment and stalking laws apply to social media and the Internet in general. Featuring partners from some of the country's leading law firms, this book guides the reader through key legal issues, such as privacy regulations, hacking laws, and procedures for gathering evidence online. These top lawyers discuss the recent rise in legislation aimed specifically at online forms of stalking or harassment, the role of internet service providers in harassment cases, and the importance of thoroughly investigating complaints. Additionally, the authors share their thoughts on the way in which cyberharassment and cyberstalking affect the workplace, and the steps employer clients must take to address these problems. The different niches represented and the breadth of perspectives presented enable readers to get inside some of the great legal minds of today, as these experienced lawyers offer up their thoughts around the keys to navigating this rapidly-changing area of law. *Inside the Minds* provides readers with proven business and legal intelligence from leading C-Level executives and lawyers. Each chapter offers thought leadership and expert analysis on an industry, profession, or topic, providing a future-oriented perspective and proven strategies for success. Each author has been selected based on their experience and C-Level standing within the business and legal communities. Chapters Include: 1. Brian G. Dershaw, Partner, Taft Stettinius Hollister LLP - "Cyberstalking and Cyberharassment in the Workplace" 2. Rose L.
