The Impact of Recent Patent Law Cases and Developments provides an authoritative, insider's perspective on successfully overcoming challenges in an ever-evolving patent system. Featuring experienced partners from law firms across the nation, these experts describe the impact of notable Supreme Court cases and Federal Circuit decisions on the future of patent law, including *Alice v. CLS*, *Mayo v. Prometheus*, and *Octane v. ICON*. These top lawyers offer specific advice on understanding the impacts of recent decisions on biotechnology and pharmaceutical patent law, developing strong litigation strategies, and taking steps to increase the likelihood of patent eligibility. From determining the exceptionality of a case under section 285 to crafting solutions to address PTO examiner concerns, these experts provide continued guidance on the consequences of filing and pursuing meritless claims and divulge key strategies for obtaining patent protection. The different niches represented and the breadth of perspectives presented enable readers to get inside some of the great legal minds of today, as these experienced lawyers offer up their thoughts on the keys to success within this challenging legal field. *Inside the Minds* provides readers with proven business and legal intelligence from leading C-Level executives and lawyers.
