**Christopher L. Blakesley, Edwin B. Firmage, Richard F. Scott : The International Legal System: Cases and Materials (University Casebooks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The International Legal System: Cases and Materials (University Casebooks):

0 of 0 people found the following review helpful. Four StarsBy Prof. DragonSuperb case law book. It really covers the nuance of international law.1 of 1 people found the following review helpful. Well written international law case bookBy CPT AlexanaderAlthough I do intent to study law in the future, I am currently working on an International Relations graduate program and still managed to be able to decipher the terminology and concepts. It is well written and does a fantastic job of hitting home the more confusing topics over and over throughout the texts. It also posses

some great questions to the future of new subjects in international law; which brings the full cycle of learning and understanding through to a complete and well-rounded completion.0 of 0 people found the following review helpful.
