**From Brand: Springer : The International Survey of Family Law, 1996** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The International Survey of Family Law, 1996:

The "International Survey of Family Law," published on behalf of the International Society of Family Law, is the

successor to the Annual Survey of Family Law'. It provides information, analysis and comment on recent developments in Family Law across the world on a country-by- country basis. The "Survey" is published annually and its subtitle reflects the calendar year surveyed. Where a country has been regularly surveyed each year, the developments discussed correspond to the year in question. If certain countries have not been surveyed for some years the contributions will usually attempt to cover the intervening period. This applies, for example, in the present volume to the contributions relating to China and Turkey. If countries are being covered for the first time, then more background information will be provided about the state of family law in the country in question. The "Survey" also contains an article dealing with the more significant developments in international law affecting the family.
