Lawrence Wrenn : The Invalid Marriage before purchasing it in order to gage whether or not it would be worth my time, and all praised The Invalid Marriage:

0 of 0 people found the following review helpful. For those clergy, and others, involved in the annulment process By Gilbert T. Campos Not a book for casual reading, but a pseudo-Bible for those interested in the annulment process, particularly priests and deacons who are involved in the process itself. The book addresses the various grounds for invalidation of a Catholic marriage, and the many subtleties involved in such grounds. It is a good idea to have a copy of the Code of Canon Law handy for cross reference. 0 of 0 people found the following review helpful. Five Stars By awb Excellent book . Thank you 1 of 1 people found the following review helpful. Good Reference Book By MedTec31 find this book to be very helpful in defining terms and explaining the grounds for decrees of nullity in tribunal cases.

The Invalid Marriage by Lawrence G. Wrenn. Revised and expanded, a resource for tribunals, students, and pastoral ministers reflecting the provisions of the 1983 Code of Canon Law for marriage annulments.
