**Margaret Raymond : The Law and Ethics of Law Practice (American Casebook Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Law and Ethics of Law Practice (American Casebook Series):

0 of 0 people found the following review helpful. Four StarsBy CustomerIt is a decent text with cases.

This exciting new professional responsibility casebook was designed to be teachable and versatile. New teachers and adjuncts will appreciate the extensive instructor support (including a detailed teacher's manual with suggestions for classroom presentation), while seasoned teachers will find the materials to be contemporary, intellectually challenging and provocative. The text caters to the needs of students who will enter small-firm or solo practice as well as large-

firm practice. Problems at the end of each chapter, taken from current cases and news stories, incorporate cutting-edge issues and create possibilities for enrichment and expansion in areas of the instructor's interest.
