Leonard D. Duboff : The Law, In Plain English, For Photographers before purchasing it in order to gage whether or not it would be worth my time, and all praised The Law, In Plain English, For Photographers:

0 of 0 people found the following review helpful. Must Have for your LibraryBy TammyQuick and easy read. A must for those who want to sell their photographs.0 of 0 people found the following review helpful. Good readBy D. WonThis book was part of a suggested reading list from school. It serves as a great resource for photographers. This book is designed for photographers. Also, just plain reading for fun is not what this book was meant for.5 of 5 people found the following review helpful. InsightfulBy Michael KirstAlthough no book is meant to take the place of an

actual attorney when it comes to specific legal matters (as this book prefaces with a disclaimer inside the front cover), this particular book takes an in-depth look at many different legal scenarios involving still photographers. It also gives detailed references of case logs for each legal scenario presented. I found the book to be very useful at answering questions of an ambiguous nature when it came to certain legal aspects of copyright, usage, contracts and privacy, etc. I highly recommend this book and it is something that every professional photographer such as myself, should have on their shelf at home.

The photographer's definitive business and legal resource is now completely updated and expanded. In this valuable guide, arts attorney Leonard DuBoff takes you step by step through all the legal aspects of the photography business. Here is expert advice for everything from contracts to trademarks, including government licenses, taxes, censorship, the rights of privacy and publicity, leases and insurance, estate planning, and more. This latest, up-to-the minute edition pays special attention to the legal challenges that have been brought about by digital cameras and the Internet. With the important legal advice found in this guide, you'll save thousands of dollars in attorney fees and find expert legal assistance when you need it the most. ". . . a complete discussion of the legal and business issues of everyday concern to photographers."-- PhotoSource International.

". . . a complete discussion of the legal and business issues of everyday concern to photographers." -- PhotoSource International
From the Publisher
Digital cameras and the Internet have created new markets and opportunities for photographers as well as new controversies and lawsuits. In an industry already rife with legal concerns, the need is more urgent than ever for photographers to understand their rights and responsibilities, both as artists and as business people. Even with changes in technology, understanding photography law does not have to be confusing or costly to aspiring and working photographers. Help is now on the way. Attorney Leonard DuBoff has fully revised and expanded the industry classic *The Law (in Plain English) for Photographers*.
From the Author
"Much of the material in this volume is intended to enlighten photographers so that legal problems can be avoided," DuBoff observes. "Unfortunately, even the most prudent individual may become entangled in the web of complex legal issues."
