John E. Moye : The Law of Business Organizations before purchasing it in order to gage whether or not it would be worth my time, and all praised The Law of Business Organizations:

0 of 0 people found the following review helpful. "Awesome Book"By LeahThis book explains the advantages and disadvantages of sole proprietorships, general partnerships, and limited partnerships well, the first chapter on agency is the shortest chapter ,but the most important. I'm on chapter four so far and it's easy to understand the relatable examples, I bought this for school, I'm taking up paralegal and the class that required this book is business structures , a great book so far, I give it five stars and recommend it to anyone wanting to learn how to own run a small business. Thanks again for a great deal on a great book!0 of 0 people found the following review helpful. Missing ContentBy Kindle CustomerI rented the E-book because I like the search options and the ease of access to my textbook from wherever I am. However, this particular e-book had blocked content. I contacted support for help, but they said it was a publisher issue that they couldn't fix. This caused a big problem when I was trying to do my finals. Beware if you get

the e-book and ensure that the full content is there and usable. 0 of 0 people found the following review helpful. Love it, got an "A" in this class By CustomerArrived on time. Love it, got an "A" in this class.

This text is the most definitive guide to the law of business organizations available today. The practical, how-to approach makes it a highly effective training tool for paralegals and a valuable desk reference they can use later in practice. The numerous forms, Internet resources, sample clauses, and substantive explanations of the use of these tools in the practice of business organizations law give students the insight they need to thoroughly comprehend and retain the material. This text has been the primary source for paralegal training for more than 30 years, and this new sixth edition is expanded and improved with all of the most current laws and resources.

Chapter 1: Agency in a Business Organization. Chapter 2: Sole Proprietorship. Chapter 3: General Partnership. Chapter 4: Limited Partnership. Chapter 5: Limited Liability Company.
