Angela Schneeman : The Law of Corporations and Other Business Organizations (West Legal Studies Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Law of Corporations and Other Business Organizations (West Legal Studies Series):

Law of Corporations and Other Business Organizations, 3rd Edition, presents a thoroughly updated and in-depth introduction to the law of business organizations for paralegals. It includes chapters on sole proprietorships, partnerships, limited partnerships and limited liability companies, and is full of examples, sample documents, sample paragraphs and practical advice that the paralegal student can use on-the-job. Each chapter is concluded with a chapter

summary and questions that include hypothetical questions and state-specific questions requiring outside research. These questions are supplemented by more in-depth, practical assignments in the accompanying Instructor's Guide.

The special features are wonderful. The Workplace Scenarios and Paralegals Role sections place this text far above any other I have read...The author should be congratulated on a truly outstanding text. - New Mexico State University - Alamogordo
Schneeman provides enough examples to illustrate the concepts through case law as well as scenarios. Schneeman's text has a good variety of features, including special tips for paralegals...I thought the examples were very good. I would adopt this text. I think it fits a need by focusing on what paralegals need to know. I am excited to see this text and check the price for adoption into my new program. Our students seem to prefer the Schneeman book because it is more comprehensive; I prefer it because it includes the uniform acts in the appendices...The author writes very well, which is a must for me...The internet/technology material shines. I was quite impressed with the information provided. - Andover College
About the Author
Angela Schneeman is a writer, research specialist, and freelance paralegal. She has worked for law firms, corporate legal departments, and a major accounting firm. The author of five paralegal textbooks, Ms. Schneeman received her Legal Assistant Certificate and a Bachelor of Science Degree in Business and Legal Studies from the University of Minnesota.
