J. Stuart Showalter : The Law of Healthcare Administration before purchasing it in order to gage whether or not it would be worth my time, and all praised The Law of Healthcare Administration:

0 of 0 people found the following review helpful. Great book, lots of case studies By TKI don't usually rate text books, but I have to say I really am enjoying this one. First, the print is dark enough and not so tiny that one gets tired reading it. Each concept is followed by an example that helps explain it. And at the end of chapters are case studies in detail, which help one see how the decions were made, the former case or precedent it drew from, etc. For someone who was afraid of taking law, I find it very user friendly and (I hate to admit this) but sometimes it's even hard to put down. If you are in healthcare, you will enjoy this one. 4 of 4 people found the following review helpful. Great Intro to Law of

Healthcare Administration By HG Consumer A well-organized, well-written textbook, with the right mix of discussion, analysis, and excerpts from case law. Style is very matter of fact; good handling of technical legal issues to make them accessible to lay (or at least non-attorney) readers. Used it to teach law course at a public health school, and students seemed to feel the book was very good. 0 of 0 people found the following review helpful. Book for school By dana sledge Book for school

Now in its fifth edition, *The Law of Healthcare Administration* continues to examine the legal aspects of healthcare from a management perspective. Using plain language, the book is a comprehensive treatment of health law in the United States, addressing topics from the basic structure of the court system to the general legal responsibilities of healthcare organizations to the specific liabilities inherent in the provision of care. Legal concepts in the book are supported by examples from actual court decisions.

About the Author J. Stuart Showalter, JD, MFS, has spent most of his career dealing with health law issues. From 1972 through 1980, he served in the U.S. Navy in various positions, including as in-house counsel, as malpractice-claims defense attorney, and as counsel to the U.S. Navy Surgeon General. From 1980 to 1996, Mr. Showalter was vice president and in-house counsel to the Catholic Health Association of the United States. In addition, he has been a hospital system's director of compliance and a law professor.
