**Aaron Xavier Fellmeth : The Law of International Business Transactions (American Casebook)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Law of International Business Transactions (American Casebook):

This coursebook offers entertaining and systematically organized content to explain the many complex legal regimes governing international business transactions. The book is written by an experienced international business lawyer for

law students seeking an introduction to all legal aspects of cross-border business, focusing on U.S.-based law practice. This book offers complete coverage of the subject, covering transactional, regulatory, and international law, including planning for disputes. It integrates visual aids, career advice by eminent practicing attorneys in each field of law, policy problems, and practice legal problems to hone students' skills in applied legal analysis.
