Sir David Hughes Parry : The Law of Succession before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Law of Succession:

Now in its tenth edition, Parry Clark is the ideal textbook for anyone requiring a thorough knowledge of the law of succession. The text has been extensively revised and re-arranged to enhance the accessibility of the material. There is an informative chapter on post death variations and tax, and all changes to the law since publication of the previous edition in 1988 have been incorporated, including the rules developed by the Law Reform (Succession) Act 1995. Case law coverage includes *White v. Jones* on solicitors' duty of care to beneficiaries, *Wood v. Smith* on the position of the testator's signature, *Re Dale* on mutual wills, and *Re Dorman* on ademption, as well as a large number of family provision cases.
