Christopher P. Cline : The Law of Trustee Investments before purchasing it in order to gage whether or not it would be worth my time, and all praised The Law of Trustee Investments:

The use of trusts, both revocable and irrevocable, is growing, and it is increasingly important for the trustee to prudently invest the trust's assets. The Madoff scandal and legislative developments have highlighted the importance of that duty. Written with the individual trustee in mind - lawyers, individuals acting as trustees, financial planners, and accountants - this book examines the law of diversification, investment directions, determining breach and

damages, and provides guidelines for drafting an investment plan.
