Marie Buckley : The Lawyer's Essential Guide to Writing: Proven Tools and Techniques before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Lawyer's Essential Guide to Writing: Proven Tools and Techniques:

3 of 3 people found the following review helpful. Great!By LawyerProfTeachingUndergradsI use this book in my Persuasive Writing course for upperclassmen. Though geared towards lawyers just exiting law school, the book has many aspects that are applicable for college students contemplating law school. My students particularly like how the book practices what it preaches: the text is in plain English, there are ample headings, and the content can be absorbed at both a skim and upon a deeper read.Buckley's style is accessible and entertaining, making this useful as both a read

and a reference book for many levels of writers.

The Lawyer's Essential Guide to Writing is a readable, concrete guide to contemporary legal writing. Based on Marie Buckley's years of experience coaching lawyers, this book provides a systematic approach to all forms of written communication, from memoranda and briefs to e-mail and blogs. The book sets forth three principles for powerful writing and shows how to apply those principles to develop a clean and confident style.
