**Carole Levitt, Mark E. Rosch : The Lawyer's Guide to Fact Finding on the Internet** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Lawyer's Guide to Fact Finding on the Internet:

0 of 1 people found the following review helpful. Okay..By Karrie Alvarado Most of the information in this book is useful if it is your first time trying to find information on the internet such as background on an individual or company. Still helpful as a guide if you cannot remember where to look. 12 of 12 people found the following review helpful. A great resource just keeps on getting better! By Sharon Nelson This book has long held a cherished space on my bookcase, and it just keeps getting better. With the 700 page third edition, authors Carole Levitt and Mark Rosch have outdone themselves in collecting sources for everything to doing background checks on employees to doing competitive intelligence - and everything in between. While it is invaluable for lawyers, anyone can benefit from using

this book - and the language is plain English, not legalese. The book is user-friendly, with lots of screen shots, and comes with a CD-ROM so you can click on hyperlinks without typing in URLs. All in all, this is a terrific compendium of Internet research sources - bravo!

Written for legal professionals, this comprehensive desk reference lists, categorizes and describes hundreds of free and fee-based Internet sites. You'll find it useful for investigations, depositions, and trial presentations, as well as company and medical research, gathering competitive intelligence, finding expert witnesses, and fact checking of all kinds.
