0 of 0 people found the following review helpful. Informative, clear, well-written.By Colleen DeightonAndrew H. Agatston has been legal council for CAC's in Georgia for over a decade. His books are set up chapter-by-chapter about

the steps of the legal process, the role of the CAC in that process, the job of the witness, and how to overcome problems in the courtroom. I really love this book because it helps explain things to me in a way that I can understand them. He is able to use enough legalese to make me comfortable when those phrases come up later, without using so much that I can't follow what he's saying. He uses case studies that are just heart-breaking, as are the cases we deal with daily. I highly recommend both his three published works and getting on his listserv, because he sends out updates every now and then. He's been a great help.
