**Maria Kuria Montgomery, Jeffrey A. Helewitz : The Legal Research Writing Workbook** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Legal Research Writing Workbook:

The ideal supplement to any text in legal research or writing, this affordable paperback presents students with literally hundreds of problems--giving them the opportunity to learn, thoroughly and in depth, how to fully utilize all the tools of legal research and writing. Organized by source of legal research, you'll find problems arranged under such headings as federal statutes, state statutes, digests, services, and treatises. Separate chapters deal with computerized legal research, limited research memoranda, and fully researched memoranda. Each chapter begins with simple problems and moves on to the more complex, providing practice and skill development for students at all levels. All of the problems found in *The Legal Research and Writing Workbook* have been carefully class-tested and specially

designed for paralegal students.
