You need to take specific legal steps to define and protect your relationship. If you don't, you run the risk of creating future misunderstandings that may harm you or your partner. To avoid trouble, you need a written agreement covering the ownership of the house or other property, and a will or other estate plan 0 since unlike married couples, people living together don't

inherit automatically. If you have children, it's wise to sign a parenthood statement. All it takes to completely avoid unpleasant surprises later on, is to plan sensibly now. This recently updated, practical guide has been helping unmarried couples do just that for over 20 years. This book shows the reader how to do the following: Write a living together agreement; Share ownership of valuable property; Insure your children are fully protected; Draft a home purchase agreement, including one that allows you and your partner to own unequal shares; Plan your estate complete with sample Will and probate avoidance information designed specifically for unmarried couples; Authorize medical decisions for an injured or ill partner; Divide property and share child custody upon separation; and, Tear out living together contracts and a parenthood statement. 3 of 85 people found the following review helpful. If you love someone sooo bad.....read this book. By A Customer if you love someone sooo bad you must read this book...really i love sumone soo much..i read it it helped me. now i can have confidence of the fact Im living with some one I love

To avoid future trouble, couples living together need a written agreement covering the ownership of the house or other property, a parenthood statement if there are kids, and a will or other estate plan--since people living together don't inherit automatically like married couples. Includes tear-out agreements, instructions, and sample forms.
